PROGRAM

BGESmartEnergy.com

Get more and save more with a \$350 mail-in rebate for the purchase of an ENERGY STAR qualified electric heat pump water heater.

When you choose an ENERGY STAR qualified electric heat pump water heater, you'll enjoy more than just energy savings and outstanding performance—you can get **\$350** back with the attached mail-in rebate from the BGE Smart Energy Savers Program®.

Save now and for years to come.

An ENERGY STAR qualified electric heat pump water heater can save the average household almost \$300* per year on its electric bills compared to a standard non-heat pump electric water heater. Larger families that typically use more hot water could save even more. Although an ENERGY STAR qualified electric heat pump water heater costs more up front, the savings can pay back the difference in about three years. Replace your aging electric water heater before it fails, and start enjoying the savings right away.

A purchase that protects the environment.

If everyone buying an electric heat pump water heater this year chose an ENERGY STAR qualified model instead of a standard model, we would avoid 19.6 billion pounds of carbon dioxide emissions annually. That's the equivalent of taking 1.6 million cars off the road.

For more ways to cut your energy use and save money with the BGE Smart Energy Savers Program, visit BGESmartEnergy.com or call **877.685.7377**.

Get \$350 back when you buy an ENERGY STAR qualified electric heat pump water heater.

Eligibility

- Rebates are available to all BGE residential electric customers regardless of electric energy supplier. Limit one rebate per qualified electric heat pump water heater, per BGE residential household, on rebates submitted beginning January 1, 2012, and while funds are available.
- Customer applying for rebate must be a BGE "customer of record" living at the address noted on the application form.
- Rebate form must be postmarked no later than 30 days from purchase date.
- Rebate application must be accompanied by proof of purchase (copy of sales receipt or invoice) listing the BGE "customer of record" and a copy of a recent BGE electric bill.
- Qualified electric heat pump water heater must be purchased in Maryland, or the buyer must demonstrate having paid the applicable Maryland sales and use tax.
- Installations must comply with all federal, state, and local code requirements.
- If you are purchasing an appliance for a BGE account in your tenant's or landlord's name, visit BGESmartEnergy.com/Leasing for an additional form required along with this form.

Fill out completely. All information is required.

Incomplete forms will delay or disqualify your rebate.
