VIII. TERMS & CONDITIONS

- 1. INCENTIVE OFFER:** This application covers products contracted for, purchased or installed within 60 days of the date BGE receives the application and is not retroactive prior to this date.
- 2. ELIGIBILITY:** Incentives are available to industrial, commercial, government and institutional electric service customers for the purchase and installation of qualifying energy savings measures in the BGE service territory. BGE reserves the right to deny any application that may result in BGE exceeding its program budget. Incentives are offered on a first-come, first-served basis and are subject to project and Customer eligibility, availability of funds and distribution of incentives across BGE customer base.
- 3. APPROVAL AND VERIFICATION:** Pre-approval is required for all custom projects as well as all prescriptive projects qualifying for a total incentive over \$5,000. BGE reserves the right to pre-inspect any project prior to pre-approval. No project related energy savings measures may be contracted for, purchased or installed prior to the date of BGE's pre-approval. Projects must be completed by the date listed on the pre approval notification letter (within 180 calendar days of project pre approval for retrofit projects and one (1) year of pre approval for new construction projects). All projects that require pre-approval may also require pre-inspection. BGE reserves the right to verify sales transaction and to have reasonable access to your facility, to inspect the energy savings measures installed under this Initiative, prior to issuing incentives, or at a later time. BGE reserves the right, for any reasons, to stop pre-approving energy savings measures at any time without notice. In particular, BGE is not obligated to pre-approve any application for an incentive that may result in BGE exceeding its program budget.
- 4. PROOF OF PURCHASE:** This application must have complete information and be submitted with an invoice itemizing the new equipment purchased. The invoice must indicate the date of purchase, the size, type, make, model, serial number, part number and/or equipment manufacturer specification sheets. The signed application must be returned to ICF International, 7125 Thomas Edison Dr., Suite #100, Columbia, MD 21406.
- 5. COMPLIANCE:** All projects must comply with all federal, state and local codes. All equipment must be new. Used or rebuilt equipment is not eligible for incentives. Existing equipment must be removed and disposed in a proper and legal manner. BGE encourages that equipment is disposed of and/or recycled in an environmentally friendly manner. Equipment must meet specification requirements and be purchased and operating prior to submitting the application form. Only one incentive will be granted for each project. Incentives granted to contractors, distributors or other market providers cannot also be claimed by end-use customers.
- 6. PAYMENT:** Once completed paperwork is submitted, incentive payments will be made within an estimated 4-6 weeks. Incomplete applications will be returned. The customer may assign the incentive payment to a qualified contractor (if allowed). The benefits/payments conferred upon the Customer or their designated contractor through participation in this program may be taxable by the federal, state, and local government. The Customer or their designated contractor is responsible for declaring and paying all such taxes.
- 7. INSPECTION:** BGE staff or their representatives may conduct an inspection of the facility to survey the installed projects.
- 8. PUBLICITY:** BGE reserves the right to publicize your participation in this program.

Under such circumstances, the Customer is not entitled to any program benefits in excess of those approved prior to such action by BGE. Submission of a completed application does not entitle the Customer to program participation. Entitlement to program participation can only occur after BGE has signed a copy of the application and granted pre-approval if required by BGE.
- 13. REMOVAL OF EQUIPMENT:** The Customer agrees, as a condition of participation in the program, to remove and dispose of the equipment being replaced by the energy savings measures in accordance with all legal requirements. The Customer agrees to not install any of this equipment in the BGE service territory.
- 14. CHANGES TO THE PROGRAM:** BGE may change the program and the Terms & Conditions at any time without notice. Pre-approved applications, however, will be processed to completion under the Terms & Conditions in effect at the time of the pre-approval by BGE.

- 17. VENDOR SELECTION:** BGE acknowledges that the Customer may select any vendor or contractor to perform the work contemplated by this Application, even after the Application is submitted for pre-approval by BGE. Notwithstanding the foregoing, the Customer acknowledges that BGE has the right to prohibit specific vendors or contractors from program participation for any reason or no reason.
- 18. OBLIGATIONS BETWEEN THE PARTIES:** Customer acknowledges that any contractor selected by the Customer is not an agent, contractor or subcontractor of BGE. BGE shall have no obligation to maintain, remove or perform any work whatsoever on the energy savings measures installed. BGE shall have no liability for contractor's failure to perform, for failure of the energy savings measures to function, for any damage to the Customer's premises caused by the contractor or for any and all damages to property or injuries to persons caused by the energy savings measures.
- 19.
